UNIT 5 REVIEW #2

Is it a function?

Marcel claims that the graph below represents a function.

State whether Marcel is correct. Justify your answer.

1) Yes, Marcel is correct. The graph passes the vertical line test.

2) Yes, Marcel is correct. Every x-value on the graph has a y-value.

3) No, Marcel is not correct. $x = 2$ is paired with two y-values, 3 and −1, so the graph fails the vertical line test.

4) No, Marcel is not correct. The graph has a V shape, so it cannot be a function.

UNIT 5 REVIEW #2

Reading a graph

The graph below represents the function $y = f(x)$.

a) State the domain and range of this function.

A) Domain: $-5 \le x \le 8$
Range: $-3 \le y \le -1$

B) Domain: $-5 \le x \le 8$
Range: $-3 \le y \le 2$

C) Domain: $-3 \le x \le 2$
Range: $-5 \le y \le 8$

D) Domain: $-10 \le x \le 10$
Range: $-10 \le y \le 10$

b) What is the value of x when $f(x) = -3$?

c) What is $f(4)$?

Range of data

Data collected during an experiment are shown in the accompanying graph.

What is the range of this set of data?

1) $2.5 \leq y \leq 9.5$

2) $2.5 \leq x \leq 9.5$

3) $0 \leq y \leq 100$

4) $1 \leq x \leq 10$
